

Greetings,

We write to you as representatives of Heroin Anonymous World Services (HAWS). This informational bulletin's purpose is to increase communication between the groups of Heroin Anonymous throughout the country and world.

HA World Convention Summary

There was much anxiety about how the first HA world convention would turn out. As the fellowship is young and participation can sometimes be unpredictable, the convention's steering committee members were biting their nails as the main event approached. If you were in attendance, then you already know the convention was an incredible success and an enormous step for the fellowship of Heroin Anonymous. If you weren't there, well, now you know! HA members travelled from all over the country to unite and celebrate our freedom from heroin. We estimate that approximately 1,000 heroin addicts attended the convention. We can only speak to our experience, but it was a spiritually profound and emotional experience for many. The HA convention committee and HA World Services are currently wrapping up convention matters and will be discussing how to proceed with future conventions. You can listen to recordings of the Singleness of Purpose Workshop and all three convention main speakers by visiting the convention section of the web site. Thank you for supporting the fellowship and we will keep you updated via the bulletin and convention section on the web site.
